Child Safe School - Information for Students

For our students to flourish academically and in all areas of their lives, it's important that they are happy, enjoy being at school and feel safe and supported. Their safety and physical and mental wellbeing are of paramount importance to us.

Where Can I go for help?

We encourage any student who feels unsafe to confide in the Principal, a member of the College Leadership Team, the College's Year Level Coordinators (to be known as Wellbeing Leaders from January 2017) or a trusted member of staff. We encourage personal contact with the trusted person. However, the student may wish to make initial contact via email.

Our Student Wellbeing Team includes the Deputy Principal, the 6 Wellbeing Coordinators, the Careers Practitioner and the Student Counsellor who are available for support and assistance.

The College has a Student Counsellor who is available to help students and their families.

If necessary, the College can help with a referral to other specialised Health professionals.

Documents to support Student Safety and wellbeing can be found on the College website under Student Wellbeing.
