Q&As

WHO IS THE EXPO FOR?

Parents and students from Years 10-12

WHAT CAN WE EXPECT?

Representatives from a range of tertiary institutions and youth organisations who will be able to share information about courses and services and answer your questions face-to-face.

WHY SHOULD WE GO?

Year 10: You've had your careers interview, you know about pathways after Year 12, the expo is your chance to find out about specific courses and tertiary options both TAFE and University.

Year 11: Get prepared for the upcoming Open Days at tertiary institutions by collecting information and asking questions one-on-one. Don't battle the crowds for answers on open day - ask your questions and gather information at the expo!

Year 12: Soon you will be putting in your VTAC preferences. This is your chance to speak to tertiary representatives so that you can make the best decisions about your future.
